

Solar Frontier Capital

FINANCIAL ANALYST / ASSOCIATE

Company Overview

Solar Frontier Capital (SFC) is a fast growing social impact investment group focused on the pay-as-you-go (PAYGO) off-grid solar (OGS) market. We currently manage a USD 65 million warehouse securitization vehicle for a leading global PAYGO Distributed Energy Service Company (DESCO) in East Africa.

We use fintech, big data, Ai and traditional securitization and structured finance tools to bring financial inclusion to bottom of the pyramid consumers.

Job Overview

We are looking for a financial analyst / Associate to join the core team of this small but fast growing social enterprise. The successful candidate will gain valuable experience and exposure to all elements of private equity, securitization and social impact investing in frontier markets and become a key member of the team, supporting senior management in all aspects of the business. As an early hire in a high growth environment, there is opportunity for rapid career progression.

The successful candidate will, after an initial training period in London, have the flexibility to work remotely from home (where ever that may be, including but not limited to Africa) and / or be based out of our London Mayfair offices.

Responsibilities and Duties

- Update and produce monthly investor reports and communicate same to investors.
- Perform daily cash sweep calculation and communicate with portfolio company (DESCO).
- Support monthly asset purchase programs and associated investor disbursement requests.
- Update, produce and help to continually improve internal analytics frameworks and management reports on portfolio performance and social impact metrics.
- Liaise, communicate with - and field questions from - portfolio companies and investor base on incoming data and outgoing reports and disbursement requests (respectively).
- Update and maintain models, company presentations and information memoranda.
- Support fundraising and new portfolio acquisitions.
- Document Standard Operating Procedures.
- Liaise with cash manager, administrators and 3rd party vendors.

Skill Set & Qualifications

Ideal candidate will have the following characteristics:

- Self-starter who is able to work independently without continuous supervision;

Solar Frontier Capital

- Problem solver and quick learner who is not afraid to tackle new problems for the first time;
- Excellent analytical, quantitative, math and excel skills;
- Great attention to detail;
- Good verbal and written skills – esp. powerpoint;
- Data base / SQL experience;
- Interest in big data, Ai and machine learning;
- Core social impact awareness and interest;
- Interest and knowledge of emerging frontier markets. Knowledge of Africa a big plus;
- Highest integrity and honesty an absolute must.
